Anhui University of Technology (Xiushan Campus) 1530
Maxiang Road, Ma'anshan, Anhui, China 243032

Born in Dhaka, Bangladesh (1996-11-12)

SUMMARY

Highly accomplished Computer Engineering graduate with extensive academic, research, and leadership experience. I hold a Master's Degree in Computer Technology from Anhui University of Technology, 1st position in my class with a GPA of 97/100 and achieved top ranks in diploma and bachelor studies. Adept in data analysis, machine learning, and clustering algorithms, with a proven record of managing teams and leading academic initiatives. Seeking a PhD opportunity to contribute to advancements in artificial intelligence, optimization algorithms, and intelligent systems.

EDUCATION

Anhui University of Technology

Master Degree in Computer Technology
2022-2025

Rank: Top 1% class of 2022, with a GPA of 3.96/4.

Research focus: Machine learning, clustering algorithms, and student performance data analysis.

Changzhou University

Bachelor's Degree in Computer Science and Technology
2020 - 2022

Rank: 6th out of 15 students with a GPA of 3.70/5.

Jiangsu Nongmu hezhi zhiye xueyuan

Diploma Degree in Computer Application Technology
2016 - 2020

Rank: 4th out of 52 students with a GPA of 4.03/5

TECHNICAL SKILLS

- Programming Languages: Python, Java, Matlab
- Machine Learning Libraries: TensorFlow, scikit-learn, Keras
- Data Science & Analysis: Pandas, NumPy, R
- Web Development: HTML, CSS, JavaScript
- Tools & Technologies: Git, Jupyter Notebook, MATLAB, LaTeX
- Other: Data visualization, algorithm development, system optimization

LANGUAGES

- Chinese: Advanced (HSK Level 5)
- English: Fluent
- Bengali: Native
- Hindi&Urdu: Conversational

RESEARCH INTERESTS

- Machine Learning and Data Science
- Clustering Algorithms (e.g., k-means, hierarchical clustering)
- Artificial Intelligence and Intelligent Systems
- Data-driven Decision Making and Optimization Techniques
- Natural Language Processing and Text Mining

PROFESSIONAL EXPERIENCE

Research Experience

Graduate Research Assistant | 2022 - Present

- Conducted research on clustering algorithms for analyzing student performance data.
- Focused on k-means clustering, data normalization, and improving algorithm effectiveness.

Bachelor's Thesis Research | 2020 - 2022

- Researched optimization techniques for real-time data processing and system design.

International Student Dormitory Manager

Anhui University of Technology | 2022 - Present

- Managed housing operations for international students, ensuring a supportive community.
- Provided administrative support, including answering phone calls, responding to emails, and preparing correspondence

Teaching Assistant

Anhui University of Technology | 2023- Present

- Assisted in delivering coursework, mentoring students, and grading assignments.
- Handled confidential documents and maintained their proper organization.

AWARDS

- 3'times Anhui Government Scholarship (2022–2023 Academic Year).
- Excellence Award in the Chinese Classics Recitation and Writing Competition.
- Second Prize in the Telling Chinese Stories in English competition.
- Credit in the Intermediate Round of the Stories of China Retold in English Challenge.
- Winner of the My Story of Chinese Hanzi Speech Contest.

REFERENCES

- Zekai Cheng, Ph.D.
- Associate Professor of the School of Computer Science and Technology
- Email: chengzk@ahut.edu.cn
- Address: (Xiushan Campus) 1530 Maxiang Road, Ma'anshan, Anhui, China 243032

Student Leader

Computer Technology of AHUT | 2022- Present

- Represented students in academic and extracurricular matters, fostering communication between faculty and students.
- Handled confidential documents and maintained their proper organization.

Volunteer Leader

Changzhou University & AHUT | 2020 - Present

- Coordinated volunteer activities to support campus events and community outreach.
